T-Mobile Taps Alcatel Onetouch for First Windows 10 Device

2021/12/31

T-Mobile has teamed up with Alcatel Onetouch for its first Windows 10 phone. The Fierce XL is a 5.5-inch Windows 10 phone, which includes modest specs and what is expected to be a low price tag. According to a press release, the Alcatel Onetouch includes a 1.1GHz Qualcomm Snapdragon Quad-Core Processor, 8-megapixel AF Main Camera with x2 Digital Zoom + 2MP Front-Facing Camera, 2GB of RAM + 16GB of storage (expandable up to 32GB with MicroSD), and a 2500mAH battery for up to 14 hours of talk time and 820 hours of standby time. “We strive to provide our customers a wide selection of price points, operating systems and capabilities when it comes to choosing a smartphone, so adding the Fierce XL to our hardware line-up was a no-brainer,” said Roger Brown, Vice President of Marketing at T-Mobile. “This will be our first Windows 10 device to hit T-Mobile stores nationwide, and since the Fierce XL is coming from Alcatel, our customers know the build quality and feature set will be top notch.” Calling the Fierce XL “affordably priced,” Alcatel Onetouch also noted that the new device includes Microsoft Office, including Word, Excel, PowerPoint and OneNote, as well as OneDrive. T-Mobile will offer the device for \$139.99, or \$0 down and \$5.84 for 23 months (\$5.67 for 24th month).
